Admiral Stansfield Turner, Director
Central Intelligence Agency
Washington, D.C. 20505

Dear Admiral Turner,

As you may be aware, I represent a District which has a high concentration of hearing-impaired individuals. These people communicate over the telephone with the use of converted teletype machines, some of which have been repaired and donated to the deaf by an organization called Telephone Pioneers of America. This organization is non-profit, and relies on the donation of obsolete machines from interested individuals and governmental bodies.

We understand that there are a number of unused #15 model teletypes at CIA's Turkey Run, Virginia facilities. Can you tell me exactly how many of these machines there are, and what procedures we must follow to obtain them for the Telephone Pioneers of America?

I would appreciate your immediate attention to this matter. Thank you, in advance, for your help.

Sincerely,

Gladys Noon Spellman
